ABOUT US

The Mackay Community Foundation provides an opportunity for individuals, families, and businesses to make donations to support those in need in the region, both now and in the future.

Donations are retained as capital by the Foundation to build a perpetual and sustainable fund for philanthropic purposes. The income earned from the capital is distributed through our annual grants program. Not for profit organisations in the region apply for grants to fund charitable projects that align with the aims of the Foundation.

The Mackay Community Foundation is endorsed by the Australian Taxation Office as a charity. Donations to the Foundation are tax deductible and the Foundation is exempt from tax.

The Foundation is governed by a volunteer Board of Directors, with a wide range of skills, experience and an extensive knowledge of the region's community.

MISSION

To grow and provide a perpetual source of funds to assist community-based organisations supporting individuals in need or at risk throughout the region.

VISION

Building a community that gives where it lives.

OUR HISTORY

The concept for the Mackay Community Foundation began with our founder Scott Alman in 2002. Scott, a partner in a local investment advisory firm, was discussing the story below and thought about the impact on the needy if someone had put away some money for Mackay 100 years ago.

In 1626, Peter Minuit purchased Manhattan Island from the Algonquin tribe of Indians for trinkets worth about \$24. Given the price of real estate in Manhattan today, we could argue that the Indians were swindled. However, let's assume that the Indians invested the \$24 in a bank account returning 6% per year compounded annually.

*In 2025, after 400 years, the investment would be worth **\$318 billion.***

The key founding principal was to give the Mackay Community the opportunity to 'Give Where You Live'. Secondly that money donated would be invested, and together with the growth, the capital would be retained in perpetuity. Each year the growing income is to be given away to community groups, and projects, to assist those in need in our community.

Scott then set about inspiring other key business and community leaders to join the board of the Foundation. The founding board members were; Solicitor Andrew Coates, Accountant Wayne James and Financial Planner Stephen Lowry, with Scott Alman as the chair.

CHAIR'S REPORT

It is with great pleasure that I share the continued progress of Mackay Community Foundation as we work towards our ambitious goal of securing \$10 million in funds for our community by 2040 or hopefully, even earlier.

A year ago, I wrote that we had a remarkable opportunity to maximise our cash donations with an anonymous donor pledging to match, dollar-for-dollar, all individual and business donations of \$5,000 or more, up to a total of \$150,000. This generous offer not only amplified the impact of each donation but also served as an encouragement for our community to give a little more, knowing their contribution would go further. This is exactly what our community did.

We experienced strong momentum in cash donations and, together with the matching contribution, achieved total donations of \$477,301. Combined with investment growth, this resulted in an overall increase of \$680,064, bringing the Foundation's total fund balance to \$4,260,766.

We also received a significant commitment from a donor who has pledged \$500,000 over three years, a generous endorsement of the vital work undertaken by non-profit organisations in our region.

In 2025, the Foundation allocated \$199,902 to twelve community projects. These grants are highlighted on pages 9–12 of this report.

As I write this, I am delighted to inform our donors and supporters that Melissa Green will assume the role of Chair in 2026, with Marcus Pillhofer appointed as Deputy Chair. I am confident that the MCF Board will be left in excellent hands. I would also like to acknowledge the outstanding contribution of Ian Joblin, who has served the Foundation in various roles for over ten years and continues to provide invaluable guidance on the Board, along with the ongoing administration and accounting support of the Brown and Bird Accounting Team.

Finally, none of this would be possible without the generosity of our donors. In the Foundation's 24 year history, we have grown from providing our first grant of \$1,000 to forecasting \$270,000 in grants for 2026. We encourage everyone to 'Give Where They Live' – helping us build an ever-increasing income stream to support local organisations assisting individuals in need.

GRANTS COMMITTEE REPORT

GRANTS

Our 2024-25 Grants Program invited applications from local non-profit organisations for projects focused on program development, capacity building and innovative approaches to drive social change and positively impact those experiencing disadvantage.

Through our grants program, Mackay Community Foundation provides funding to support individuals in distress across Mackay and surrounding districts. We achieve this by partnering with eligible organisations that deliver community education, care services, housing and personal support through a structured grant application process.

In 2024-25, the Foundation awarded **\$199,902** to a diverse range of community services, including healthcare, support for people with disabilities, community development, women's services, people experiencing homelessness and youth support.

DONOR STORY

Gardian has supported the Mackay Community Foundation's employee giving program for nearly a decade, embedding community support into the way the business operates as it has grown.

The introduction of employee giving came at a time when Gardian was deliberately focusing on strengthening its values and long-term direction. Alongside existing volunteering, sponsorships and community support, employee giving provided a simple, structured way for staff to take part in

that commitment. Participation was voluntary, but strongly embraced, with a high proportion of staff choosing to opt in and the business matching those contributions.

Over time, those regular, matched donations have combined to create a meaningful investment back into the Mackay community, now totalling more than \$36,000. The program has grown alongside Gardian itself, demonstrating how consistency and collective effort can deliver lasting local impact.

"Giving back has always been in our DNA. Employee giving simply gave us a way to turn small, regular contributions into lasting local impact."
